Our Silica Products business offers a product line of synthetic amorphous precipitated silica thickening agents that are rheology modifiers and anti-sag/suspension agents for polyester gel coatings, plastisols, inks, adhesives, caulks and sealants. Our products cover a wide range of median particle size, oil absorption and surface area performance properties in order to provide you with maximum formulation flexibility.

**Benefits**
- Compatible with a range of flocculants, associative thickeners and dispersion aids
- Adjusts rheology without changing other system characteristics
- Enhanced thixotropy in non-polar solvent systems

* Median particle diameter by laser diffraction.
Samples
Samples are available per request from customer service.

Packaging
Standard packaging in small bags are unitized for shipping on pallets and stretch wrapped with clear plastic film. Please consult with customer service or your sales representative regarding additional packaging options including custom package sizes.

Storage
To ensure product integrity, we recommend that our silica products be stored under dry, clean conditions, protected against exposure to direct sunlight and other substances, and used within 12 months of the date of manufacture. PPG silica products that are stored for more than one year from the date of manufacture should be tested for moisture content.

Safety and Health Effects
We recommend that, before use, anyone using or handling this product thoroughly read and understand the information and precautions on the label, as well as in other product safety publications such as the Safety Data Sheet. Any health hazard and safety information contained herein should be passed on to your customers or employees, as the case may be. The products mentioned herein can be hazardous if not used properly. Like all potentially hazardous materials, this product must be kept out of the reach of children.

Product Safety and Regulatory Information
For the latest product safety and regulatory information, please reference the Safety Data Sheets at www.ppgsilica.com.
